

No. 775 Date. 12/2/19

It has come to the notice of the Council that students who are allowed readmission into 2<sup>nd</sup> Semester are not offered the appropriate subjects covered under the New Syllabus effective from 2018-19 session. The subjects are to be chosen looking at the subjects already studied by them in the 1<sup>st</sup> semester under previous Syllabus. However appropriateness about the subjects may be decided considering the alternative subjects allowed in the Teaching Evaluation Scheme of 2<sup>nd</sup> Semester of New Syllabus 2018-19. This is essentially required for smooth form fill up of 2<sup>nd</sup> semester by choosing right alternative subject.

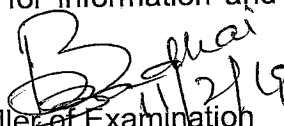

For Example Student who has studied Engg. Mechanics in 1<sup>st</sup> semester in previous syllabus shall have to be offered Computer Application as Th1 in 2<sup>nd</sup> semester. In such case She/he is not to be offered with Communicative English as Th1. Similarly student already studied Computer Application in 1<sup>st</sup> semester should be offered with Engg. Mechanics as Th4 in 2<sup>nd</sup> semester. Similar is the case of other Subjects.

Principals are advised to take due care in selection of subjects of 2<sup>nd</sup> semester Readmission cases to avoid further problem at the form fill up, as the system will automatic select subjects based on the subjects studied by the student in 1<sup>st</sup> semester and will not allow the institution to change the subject.
